Process

- Order Taker Program
- Group signs and faxes in Participation Agreement Form to Head Office indicating number of brochures they would like us to send them
- Group should run their fundraiser for a period of 2 weeks
- Payment accepted by certified check or money order
- Fundraising Coordinator collects all orders and tallies them up. (Use our workable tally sheet). The coordinator then completes the master order form indicating the address where they would like the order delivered to on the top part of the form. This order is emailed or faxed into Ultimate Fundraising Inc. at 1-250-489-8133 to be processed along with their payment.
- Clara Clark places orders each to be received approximately the third week of each month. Your order will be delivered to your group within two weeks of that order being received. **The deadline for orders is the 15th of each month but we recommend getting it submitted to us a few days before that.**

Group Profit

- **\$10 per item sold (\$20 for each weighted blanket sold)**
- We have elected to keep the prices low for your supporters and not overcharge to increase your profits. With this approach we are confident your supporters will purchase more reasonably priced items instead of just one or two thus making your more profit.
